PROFESSIONAL SUMMARY

Motivated and enthusiastic B.Tech student specializing in Artificial Intelligence and Data Science with a strong foundation in Java, SQL, HTML, CSS, Git, and Object-Oriented Programming. Passionate about software development and continuously improving my skills through internships, hands-on projects, and technical workshops. Developed academic projects while strengthening problem-solving, debugging, and analytical skills. Eager to contribute to innovative software solutions and grow as a Java Full Stack Developer in a dynamic organization.

EDUCATION

Bachelor of Technology(B.Tech) Artificial Intelligence And Data Science

Dhanalakshmi Srinivasan University - School of Engineering

Pursuing B.Tech in Artificial Intelligence and Data Science (CGPA: 7.62/10).

Developed AI and Java-based projects while strengthening Java, SQL, Git, OOP, and problem-solving skills.

06/2027

Tiruchirappalli,
Tamil Nadu

Intermediate MPC

Narayana Junior College

Completed Intermediate (MPC) with 907/1000 (90.7%). Built a strong foundation in Mathematics, Physics, and analytical problem-solving, preparing for engineering studies.

03/2023

Nellore,
Andhra Pradesh

Secondary School Certificate(SSC)

Viswa Bharathi High School

Completed SSC with 597/600 (99.5%). Demonstrated excellent academic performance with outstanding scores in Mathematics, Science, English, and Social Studies.

EXPERIENCE

Java Full Stack Developer Intern

Averixis Solutions Pvt.Ltd

- Completed hands-on training in Java Full Stack Development.
- Developed applications using Java, SQL, HTML, CSS, and Git.
- Applied Object-Oriented Programming (OOP) concepts in real-world tasks.
- Improved debugging, problem-solving, and software development skills.
- Collaborated with team members to complete assigned modules on time.

05/2026 – 07/2026

Bengaluru, Karnataka,
India

Java Programming Virtual Intern

CodSoft

- Completed a virtual internship focused on Core Java programming.
- Developed Java applications using Object-Oriented Programming (OOP).
- Improved problem-solving, debugging, and coding skills through practical tasks.
- Completed assigned Java projects within the internship duration.
- Strengthened knowledge of Core Java, collections, and programming fundamentals.

04/2026 – 05/2026

Remote

SKILLS

- Core Java
- SQL
- CSS3
- Eclipse IDE
- Problem Solving
- Object-Oriented Programming (OOP)
- HTML5
- Git & GitHub
- Team Collaboration
- Debugging

PROJECTS

TruthLens AI

Fake Reels, Image & News Detection Using Gemini API

- Developed an AI-powered web application to detect fake news, images, and reels using the Gemini API.
- Implemented multimodal AI analysis with confidence scores.
- Built using Java, HTML, CSS, JavaScript, SQL, and Git.
- Designed a user-friendly interface for real-time content verification.

Student Collaboration Platform

- Developed a web-based platform for students to share resources and collaborate on academic activities.
- Implemented user authentication and database management.
- Built using Java, HTML, CSS, SQL, and Git.
- Improved communication and resource sharing among students.
